

Temporary Parking Permit Available

Article 6.7 of our Declarations and specifically 6.7.4 allow for the parking of recreational, commercial vehicles and boats on a temporary, non-recurring basis of up to 24 hours.

There may be occasions where an owner needs more than 24 hours to complete a desired task. 6.7.4 provides that a written temporary extension beyond 24 hours may be granted by the VOA Board of Directors. For that purpose, we now have a Temporary Parking Permit available from any VOA Board member.
